

Re-envisioning the Middle East Ecosystem: Desert Ecology and Environmental Diplomacy

Sundays from February 28 to May 9 • 1:00 PM Eastern Standard Time

Join international experts for **9 weeks of learning and conversation** at the intersections of desert ecology, environmental science and activism, and peacebuilding in Israel and Palestine.

Topics include:

- Climate crisis and the hyper-arid environment
- Renewable energy for off-grid Bedouin village
- Cross-border water management and reuse in Israel, Palestine, and their neighbors
- Biomimicry

Certificate of completion to participants who join for 7 or more sessions

Register by February 19, 2021, on Zoom bit.ly/2LwHCRc
