**BOAZ ERDE & CO.**  
CERTIFIED PUBLIC ACCOUNTANTS

**Auditor's Report to Members of the Association of**  
**THE ARAVA INSTITUTE FOR ENVIRONMENTAL STUDIES**  
**(Registered Association)**

We have audited the accompanying balance sheets of the **Arava Institute for Environmental Studies (Registered Association)** (hereinafter: "the Association") as of December 31, 2020 and the related statements of operations and of changes in net assets, and the cash flow reports for the year ending on this date. These financial statements are the responsibility of the Board of Directors and the management of the Association. Our responsibility is to express an opinion on these financial statements based on our audit.

The financial statements of the Association for the year ended December 31, 2019, were audited by another auditor who expressed an unmodified opinion on those statements on July 20, 2020.

We have conducted our audit in accordance with generally accepted auditing standards, including those prescribed by the Accountants' Regulations (Means of Operation of Accountants) 1973. Those standards require that we plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement. An audit includes sample examination of evidence supporting the amounts and disclosures in the financial statements. An audit further incorporates an assessment of accounting principles implemented and of the substantial estimates made by the Association's Board of Directors and management, as well as an evaluation of the propriety of the entirety of the financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the aforementioned financial statements reflect appropriately, by all material aspects, the financial situation of the Association as of December 31, 2020 the outcomes of its operations and the changes in net assets for the year then ended, according to the Israeli GAAP.

**The attached notes constitute an integral part of the financial statements.**

**The Arava Institute for Environmental Studies (Registered Association)**

**NOTES TO THE FINANCIAL STATEMENTS**

**Note 1 - General**

The goals of the Association are as follows:

- a. Development and activities in the fields of education, science and culture:  
Our mission is to create a world-class environmental teaching and research institute at Kibbutz Ketura, which will:
- Prepare future Arab and Jewish leaders to cooperatively solve the region's environmental challenges.
  - Maintain high academic standards.
  - Deliver teaching and trans-boundary research opportunities at the highest quality and level to students from the Middle East and from all over the world.
  - Play a leading role in research, conservation, environmental protection and sustainable development in the entire region.
  - Generate capacity for conciliation and cooperation in the Middle East, in order to transcend political boundaries and achieve environmental change.
- b. Raising awareness and promotion of environmental quality.

**Note 2 – Principal Accounting Policies**

**a. Definitions:**

In these financial statements:

Association – Arava Institute of Environmental Studies (Registered Association)

Net assets – The difference between the Association's assets and its liabilities.

Unrestricted net assets – The portion of the net assets for which there is no permanent or temporary restriction that has been determined by the donors.

Related parties – As defined in Opinion 29 of the Institute of Certified Public Accountants in Israel.

Index – The Consumer Price Index as published by the Central Bureau of Statistics.

**b. Basis of Reporting**

1. The Association records its assets, liabilities, income and expenses on a cumulative basis.
2. The financial statements have been compiled based on the consensus of the historical cost, without adapting the financial statements to the influence of the changes to the general buying power of the Israeli currency and without expressing an opinion of their influence on the financial state and results of the operations.

**c. Manner of Presentation of the Financial Statements**

1. Classification of the balances included in the net assets group was done based on a distinction between:

- a) Net assets that are unrestricted.

**The Arava Institute for Environmental Studies (Registered Association)**

**NOTES TO THE FINANCIAL STATEMENTS**

**Note 2 – Principal Accounting Policies (continued)**

b) Net assets that are temporarily restricted.

c) Net assets that are permanently restricted.

The net assets that are unrestricted are presented with a distinction between net assets used for activity:

a) Designated by the institutions that manage the Association.

b) Not yet designated by the institutions that manage the Association.

c) Net assets used as fixed assets.

2. The Statement of Operations includes all of the income and expenses from the reporting period.

The income includes all of the income received and generated during the period without any restriction on their usage, as well as the portion of the net assets that were restricted and released from donor restrictions during the period. Expenses also include expenses that were financed from sources that were restricted by their contributors.

3. The Statement of Changes to Net Assets includes, in addition to the net result transferred from the Statement of Operations, all of the sources received whose usage was restricted and the amounts released from restriction.

Amounts released from restriction due to use for operations were transferred as income to the Statement of Operations, and amounts released from restriction due to use as fixed assets, including:

Fixed assets received as a gift (for which the consideration from their usage was not restricted) were transferred directly to the balance of net assets that are unrestricted on the Statement of Changes to Net Assets.

4. The Statement of Changes to Net Assets includes transfers between net assets that are unrestricted that were used for operations and net assets that are unrestricted that were used as fixed assets. For amounts used during the accounting year for fixed assets, there are amounts that were generated in the accounting year from using fixed assets and amounts transferred in the accounting year to cover depreciation expenses.

**d. Cash and Cash Equivalents**

Cash equivalents include investments whose liquidity is high, including short-term deposits at banks and for which the period until their realization date at the time of the investment was no more than 3 months.

This section does not include cash and short-term deposits at banks whose use was limited by donors for specific uses, or that were designated by the Association's Board for specific purposes.

**NOTES TO THE FINANCIAL STATEMENTS**

**Note 2 – Principal Accounting Policies (continued)**

**e. Foreign Currency Transactions**

1. A transaction made in a foreign currency was registered, when first recognized, in the currency of operation, using the immediate exchange rate between the currency of operation and the foreign currency on the date of the transaction.
2. On every balance sheet date, financial items in foreign currency were converted using the immediate exchange rate on the date of the balance sheet.
3. On every balance sheet date, non-financial items measured at historical cost in foreign currency were converted using the exchange rate on the date of the transaction.
4. On every balance sheet date, non-financial items measured at fair value in foreign currency were converted using the exchange rate on the date that the fair value was determined.
5. Exchange rate differences caused by removal of financial items, or due to conversion of financial items according to different exchange rates than those used for conversion at the time of their first recognition during the period, or than those used for conversion of previous financial statements, will be recognized on the profit and loss statement in the period that they were generated, excluding exchange differences, as stated in Section 6 below.
6. Exchange rate differences caused by removal of financial items, or due to conversion of financial items according to different exchange rates than those used for conversion at the time of their first recognition during the period, or than those used for conversion of previous financial statements, will be recognized on the profit and loss statement in the period that they were generated.

**f. Donations, Allocations, Support and Grants Receivable**

1. Donations, allocations, support, grants, estates and gifts promised but not yet received at the date of the financial statements are registered as income or additions to net assets whose use is restricted, when all of the following conditions are met:

There is an irrevocable and unconditional commitment from the contributor and it applies to the reported period.

The promise was fulfilled after the date of the financial statements, or is legally enforceable and realizable. – Realization of the promise is not conditioned upon a future event taking place.

2. The amounts receivable are presented less adjustments for promises that the Association's Board believes will not materialize.

3. Donations that were received in order that they be transferred to others and for which the contributor conditioned the donation on its transfer to a specific beneficiary and did not give the Association the sole authority to change its designation, or control over the benefit expected from that donations, were not recorded as income and expenses.

Assets received as aforementioned that were not yet transferred to beneficiaries are presented as assets received for transfer to others and as liabilities for assets received for the purpose of transferring them to others.

**NOTES TO THE FINANCIAL STATEMENTS**

**Note 2 – Principal Accounting Policies (continued)**

**g. Fixed Assets**

1. The Association's management decided to change the policy regarding handling fixed assets, as of January 1, 1997 and onward, according to Opinion no. 69 of the Institute of Certified Public Accountants in Israel and according to Accounting Standard no. 5 which replaced Opinion no. 69 as of December 19, 2010, according to which the fixed asset used by the Association and acquired by this date is presented as expenses in the previously reported years.
2. Presented according to cost less accumulated depreciation.
3. For fixed assets that were received without consideration, the cost is its fair value on the day of its receipt.
4. Depreciation is calculated according to the "straight line method" based on the estimated period of use for the assets. Adjustments for decrease in value are included when the book value of the asset is higher than its value to the Association (usually calculated as the higher value between the value of its use and its realization value).
5. Fixed assets that must be transferred for exclusive use or operation by a third party without time limitations or any financial consideration or for a nominal financial consideration only, according to donor conditions or decision by the Association's Board, are presented as an expense and not as an asset at the time of the investment.

**h. Recognition of Income and Changes to Net Assets:**

1. Income and changes to net assets that are restricted are recorded on a cumulative basis.
2. Disposable assets and goods received without consideration that have a material monetary value on an overall basis in relation to the Association's scope of operation and whose fair value can be assessed at a reasonable level of accuracy are recorded both as income and costs on the Statement of Operations.
3. Services requiring skill and professional specialization, which the Association would have needed to purchase had it not received them, that have a material monetary value on an overall basis in relation to the Association's scope of operation and whose fair value can be assessed at a reasonable level of accuracy are recorded both as income and costs on the Statement of Operations.

4. Income from investments:

Profits and losses from a change to the fair value of current investments are credited to the Statement of Operations and/or the Statement of Changes to Net Assets when they are generated, as part of the net financing income (expenses) for the period.

5. Surplus from the realization of assets received without consideration, restricted to be used for specific purposes only and the consideration for their realization will be used for those purposes only, are credited directly to the net assets that were restricted.

**The Arava Institute for Environmental Studies (Registered Association)**

**NOTES TO THE FINANCIAL STATEMENTS**

**Note 2 – Principal Accounting Policies (Continued)**

**i. Taxes**

1. Salary tax imposed by VAT and employer's tax are included in the salary expenses. VAT paid for inputs that are non-reimbursable were included in the expenses sections or the with assets for which the tax was imposed.
2. Taxes for certain expenses ("excess expenses") are included in the expenses sections or with the assets for which the tax was imposed.
3. The Association operates as a "public institution" in accordance with section 9 (2) of the Income Tax Ordinance and as a non-profit organization for the purpose of the Value Added Law.
4. The Association was approved as a "public institution" in regards to donations under section 46 of the Income Tax Ordinance, and accordingly, donations are recognized for tax purposes on the part of the donor.

**j. Use of Estimates in the Preparation of Financial Statements**

In preparation of the financial statements in accordance with the accepted accounting policies, the management used estimates and evaluations that affect the amounts of the assets and liabilities presented in the financial statements and their attached notes. Due to the nature of estimates and evaluations, the actual results might differ from these estimates.

**k. Financial Instruments**

The fair value of financial instruments is determined according to the following rules:

1. The fair value of financial instruments is the amount for which an asset may be exchanged or liability in a transaction removed in good faith between the buyer, willingly, and the seller, willingly, in a logical manner.
2. When a financial instrument is traded on an active, liquid market, its rate on the market provides the best proof of its fair value.
3. When market activity is not frequent and the market is not well based, a small volume relative to the number of negotiable unit of the financial instrument are traded, or when the market rate is not available – it is possible to use evaluation techniques to determine the fair value.
4. The book value of the historical cost of amounts receivable and payable at regular commercial credit terms is usually close to the fair value.

**The Arava Institute for Environmental Studies (Registered Association)**

**NOTES TO THE FINANCIAL STATEMENTS**

**Note 3 – Related Parties**

**a. Kibbutz Ketura**

The Arava Institute was established by members of Kibbutz Ketura and resides in the Kibbutz itself. A number of Kibbutz members are employees of the Institute.

**b. Arava Institute Research and Development, Ltd.**

The Arava Institute of Environmental Studies (Registered Association) (hereinafter: the Association) holds full ownership of the subsidiary Arava Institute Research and Development Ltd. (hereinafter: the R&D Company).

The Arava Institute Research and Development Ltd. is a holding company, and holds 0.78% of Capital Nature Ltd., which invests in initiatives, research and development in the field of renewable energy.

**c. Global Sun Israel L.P.**

The Arava Institute holds 1% of the partnership rights of Global Sun Israel Ltd. (Arava Power), a company for the development and production of solar energy.

To cover its liability for payment with regard to the termination of employee-employer relations, the Amuta makes deposits in a recognized pension fund and pays premiums to insurance companies. The sums accrued in the pension fund and on the insurance policies are not controlled or managed by the Amuta, and therefore no expression has been made in its books. The liability in the balance sheet reflects the amounts required to pay employees upon their retirement above the sums deposited in pension funds and on the insurance policies. Withdrawal of the reserved funds is possible only as provided in the Severance Pay Law.

**NOTE 15 -EVENTS DURING THE YEAR OF THE STATEMENTS**

During the balance sheet period, a corona virus epidemic broke out around the world and in Israel, which led to the closure of most businesses in Israel and the reduction of economic activity. As a result, the association has taken a number of actions:

- a. Preparing and organizing for distance learning
- b. Postponement of fall semester and shortening by two weeks
- c. Sending some of the staff out to unpaid vacation and returning about half of them at various times
- d. Budget cuts in 2020 in the amount of NIS 800,000.

Most of the reserach was interrupted due to the virus and as of the date of signing the financial statements, the impact of the Corona virus on the future financial results of the association as well as on the future fundraising cannot be assessed.
